

Elevate your Apollo Enclosure audio experience with our new Outdoor Soundbar

A game-changer from down and back firing speakers, the Apollo Soundbar allows you to, once again, actually face the sound from your favorite programs.

Apollo AE5550 55" Enclosure with OSB3800 Soundbar

- This beautiful, stylish and quality 38.13" wide soundbar fits Apollo enclosure models from 43" to 86" with easy to install universal adjustable brackets for best fit.
- Both analog and optical connections make for easy integration with any TV or display.
- IP 65 weatherproof rated to withstand the harsh environments of outdoors.

Signal and power cables route neatly into the back of the Apollo enclosure

A 12 button IR Remote control provides power level, mute, tone and input selections.
